This event will allow you to find out about the various exciting opportunities to study in Japan. The growing number of English-language degree programs at Japan's universities offers you the chance to advance your knowledge in this fascinating country, whatever your level of study. Several leading Japanese universities will be attending the event to provide information on these programs. There will also be a chance to find out about the variety of scholarships and research funding available to enable you to take advantage of these learning opportunities. The seminar line-up offers participants the chance to hear directly from people with experience of studying in Japan, as well as from Japanese citizens staying in Switzerland temporarily for an exchange.
